

MTHE Visits Staff and Students of MMCET

The Ministry of Technical and Higher Education (MTHE) has held a meeting with Staff and students of Milton Margai College of Education and Technology (MMCET) at the Great Hall of their campus in Goderich.

The meeting was in a bid to discuss government's commitment to transforming the College into a technical university and to turn the sod for the construction of a multi-purpose building at the Goderich Campus.

In his welcome address, the Vice Principal of MMCET, Dr. Mohamed Ali Jalloh, thanked the Ministry of Technical and Higher Education for answering to their clarion call and to listen to their challenges with the hope of getting them satisfactorily addressed. He attributed the remarkable successes they have recorded as an institution for the past three years to the progressive outputs of their Principal, Dr. Philip Kanu, with tremendous support from the Ministry of Technical and Higher Education.

MMCET's Chairman of Council, Dr. Victor Kabia, commended the Ministry for taking such a bold step in ensuring that the College becomes a technical university, assuring members of their readiness as an institution to make the country proud, particularly so with a Principal who is brave enough to initiate and face changes in the country's higher education sector. He admonished the Parliamentarians to consider their interests when transforming the University Bill of 2021 into an Act.

The Chairman of on Technical and Higher Education, Hon. Festus Mohamed Lansana, noted the Government in transforming assuring members of their Bill of 2021 and ensure it College's strength in terms which are quite critical in the

Parliamentary Oversight Committee Education, Hon. Festus Mohamed importance of the Legislative Arm of MMCET into a technical university, willingness to support the University becomes an Act. He mentioned the of infrastructure and staff capacity, transformation process.

According to the Chairman of the Legislative Committee in the House of Parliament, Hon. Abdul Marray Conteh, Parliament is pleased with the ongoing transformation at MMCET. He mentioned government's commitment to leaving a legacy that will stand the test of time, registering his passion, together with his Committee, to ensure that the dream of MMCET in becoming a university is realized.

The Principal of MMCET, Dr. Philip Kanu, expressed his delight over Prof. Alpha Wurie's response to their call, noting that the institution's initial transformation from a teacher college into a university in 2001 was during his time as Minister of Education. He therefore mentioned his confidence that the vision to transform it into a technical university will equally be realized during his time as Minister of Technical and Higher Education.

In his keynote address, and Higher Education, assured all present of ensure that the first set into the University in commended the College well enough in terms of academic staff and further noted have at least a university country and a college Prof. Wurie, the first is the legislative infrastructure, and he therefore commended the Parliamentarians for making a commitment to convert the University Bill of 2021 into an Act.

the Minister of Technical Prof. Alpha Tejan Wurie, government's vision to of students are enrolled October, 2021. He for having placed itself infrastructure, quality of outputs of students. He government's plan to in every region of the per district. According to thing that must happen
